

Plan Your Legacy During Will Week 2026 August 10-14

The First Community Foundation Partnership of Pennsylvania (FCFP) invites area residents to take an important step in planning for the future during Will Week 2026—**August 10-14, 2026**.

For one week only, participating regional attorneys will offer a **15% discount on estate planning services** when you schedule an appointment using the code “**FCFP WILL WEEK**.”

Whether you need to create your first will or update an existing one, Will Week makes it easier and more affordable to put your plans in place.

Why Create a Will?

Many people intend to create a will but simply haven't taken the first step. Will Week is the perfect time to start.

A will ensures that:

- Your wishes are honored
- Your assets are distributed according to your intentions
- Your loved ones are cared for
- You can leave a meaningful legacy for the causes you care about

Join the PA Giving Pledge

Will Week is part of the **PA Giving Pledge**, a statewide initiative encouraging Pennsylvanians to consider leaving **5% of their estate to charitable causes**.

Nonprofits play a vital role in our communities. They educate our children, care for the sick, preserve our history, inspire us through the arts, and provide services to those in need.

A recent study estimates **\$418 billion will transfer between generations in Pennsylvania over the next decade**. If just 5% supports charity, it could generate **\$21 billion for nonprofits statewide**, including **millions for organizations serving Lycoming, Montour, Northumberland, Snyder and Union counties**.

How Will Week Works

1. Visit fcfpartnership.org to view participating attorneys.
2. Call **August 10-14, 2026** to schedule your appointment for a later date.
3. Use code “**FCFP WILL WEEK**” to receive **15% off estate planning services**.

Leave a Legacy That Matters

Through thoughtful will planning, you can care for your family and support your community and causes that have shaped your life.

The First Community Foundation Partnership of Pennsylvania has been helping donors create meaningful charitable legacies since 1916. Our team can help you explore options such as charitable funds, planned gifts and other ways to make a lasting impact.
